EXPERIENCE

Artcube AI

AI Compositor

Chennai | Jul 2025 - Present

CURRENT ROLE

- Integrate digital products into television and film footage, including SunTV content, with precise matchmoving and compositing.
- Streamline inpainting, cleanup and product replacement through AI-assisted workflows in ComfyUI.
- Produce AI-generated video sequences using MiniMax-H3 in ComfyUI and Seedance 2.5.
- Extract foreground mattes from video with VideoMaMa in ComfyUI, isolating subjects for compositing.
